Registration/Check-In will be based on your roster as it is set up in the TGS (Total Global Sports) system as of Tuesday, May 28th at 8:00 p.m. If your roster is incomplete in the TGS system at that time, it will be incomplete on your game cards and check-in will take additional time. You **will need to manually enter your roster onto the game card.** More importantly, if your roster is incomplete in TGS, your team profile will not be complete for purposes of the program provided to College Coaches, so you should plan to provide additional team profiles on site during your games. Please plan accordingly and allow plenty of time if you are checking in on Saturday.

In order to expedite the registration/check-in process, and make sure your games start on time, **please come prepared with the following:**

- 2018-19 Player ID cards and Registration/Medical Release forms for EVERY rostered player
- Put your ID cards and forms in alphabetical order by FIRST NAME
- Birth Certificates are only necessary IF there is a discrepancy between Player ID card and Registration/Medical Release form.

ROSTERS: Teams may register a maximum of twenty-two (22) players. A team may use unlimited guest players but any team utilizing guest players is still limited to the stated maximum roster size. **Rosters may not be revised after the mandatory initial Registration/Check-In occurs.** **Players may be dual rostered.** Dual rostered players must appear on both team's rosters at the initial Registration/Check-In. Dual rostered players are included in the 22-maximum roster.

Players without proper credentials will be INELIGIBLE to participate. Thank you for your cooperation and understanding.

Looking forward to hosting your team at the 2019 Legends College Showcase!
